TOWN OF HAMMONTON PART 1

FOR THE YEAR ENDED DECEMBER 31, 2008

REPORT OF AUDIT OF FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Town Council Town of Hammonton Hammonton, New Jersey 08037

We have audited the accompanying statements of assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Town of Hammonton, in the County of Atlantic, State of New Jersey as of December 31, 2008 and 2007, and the related statements of operations and changes in fund balance-- regulatory basis for the years then ended, and the related statement of revenues-- regulatory basis, statement of expenditures-regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2008. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects on the financial statements of the requirement that the Town prepare its financial statements in accordance with the accounting practices discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town of Hammonton, in the County of Atlantic, State of New Jersey, as of December 31, 2008 and 2007, or the results of its operations and changes in fund balance for the years then ended.

17800

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Town of Hammonton, in the County of Atlantic, State of New Jersey, as of December 31, 2008 and 2007, and the results of its operations and changes in fund balance-- regulatory basis of such funds for the years then ended, and the revenues-regulatory basis, expenditures-- regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2008 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated June 30, 2009 on our consideration of the Town of Hammonton, in the County of Atlantic, State of New Jersey's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hammonton's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. In addition, the supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Town Council Town of Hammonton Hammonton, New Jersey 08037

We have audited the financial statements (regulatory basis) of the Town of Hammonton, in the County of Atlantic, State of New Jersey, as of and for the year ended December 31, 2008, and have issued our report thereon dated June 30, 2009, which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Hammonton's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey such that there is more than a remote likelihood that a misstatement of the Town's financial statements that is more than inconsequential will not be prevented or detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control.

17800

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Hammonton's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs which is described in the accompanying <u>Schedule of Findings and Questioned Costs</u> as finding no.: 2008-1.

The Town of Hammonton's response to the finding identified in our report is described in the accompanying <u>Schedule of Findings and Questioned Costs</u>. We did not audit the Town of Hammonton's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the management of the Town, the Division of Local Government Services, Department of Community Affairs, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

TOWN OF HAMMONTON Notes to Financial Statements For the Year Ended December 31, 2008

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Description of Financial Reporting Entity</u> - The Town of Hammonton was incorporated in 1866 and is located in Southern New Jersey in Atlantic County. The population according to the 2000 census is 12.604.

The Town is governed by a Mayor and a six-member Town Council. The mayor is the chief executive officer and Council is the legislative body of the Town. The Mayor is elected to a two-year term and three Town Council members are elected to alternating two-year terms. The Town Clerk monitors the daily administrative responsibilities.

<u>Component Units</u> - The Town of Hammonton had no component units as defined by Governmental Accounting Standards Board Statement No. 14.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Town of Hammonton contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Town of Hammonton accounts for its financial transactions through the use of separate funds which are described as follows:

<u>Current Fund</u> - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

<u>Trust Funds</u> - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water and Sewer Utility Operating and Capital Funds</u> - The Water and Sewer Utility Operating and Capital Funds account for the operations and acquisition of capital facilities of the municipally owned Water and Sewer Utilities.

<u>Water Utility Assessment Trust Fund</u> - The Water Utility Assessment Trust Fund accounts for special assessments levied against property owners for water improvements which benefit property owners, rather than the Town as a whole.

Budgets and Budgetary Accounting - The Town of Hammonton must adopt an annual budget for its current, water and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Town's financial statements.

<u>Cash, Cash Equivalents and Investments</u> - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the Town of Hammonton requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

<u>Interfunds</u> - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Town has adopted a capitalization threshold of \$5,000, the maximum amount allowed by Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The Town is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the Town's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset, Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

<u>Utility Fixed Assets</u> - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

<u>Foreclosed Property</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

<u>Deferred Charges</u> - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

<u>Liens Sold for Other Governmental Units</u> - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

<u>Fund Balance</u> - Fund Balances included in the current fund and utility operating funds represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Town's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Town's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Town which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

<u>Property Tax Revenues</u> - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Town's annual budget, but also the amounts required in support of the budgets of the County of Atlantic and the Town of Hammonton School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

<u>School Taxes</u> - The municipality is responsible for levying, collecting and remitting school taxes for the Town of Hammonton School District. Operations is charged for the Town's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2007 and decreased by the amount deferred at December 31, 2008.

<u>County Taxes</u> - The municipality is responsible for levying, collecting and remitting county taxes for the County of Atlantic. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

<u>Reserve for Uncollected Taxes</u> - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Town's annual budget protects the Town from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

<u>Appropriation Reserves</u> - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

<u>Long-Term Debt</u> - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital and Utility Capital Funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

<u>Compensated Absences and Postemployment Benefits</u> - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: CASH AND CASH EQUIVALENTS

<u>Custodial Credit Risk Related to Deposits</u> - Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits might not be recovered. Although the Town does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. Of the Town's bank balance of \$20,152,205.29 as of December 31, 2008, \$236,889.08 was uninsured and uncollateralized.

Note 3: INVESTMENTS

<u>Custodial Credit Risk</u> – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Town, and are held by either the counterparty or the counterparty's trust department or agent but not in the Town's name. All of the Town's \$304,307.54 investments in United States Treasury Notes and Government Obligations are held by the counterparty, not in the name of the Town.

<u>Interest Rate Risk</u> – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u> – Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. N.J.S.A. 40A:5-15.1 limits the investments that the Town may purchase such as Treasury securities in order to limit the exposure of governmental units to credit risk. The Town has no investment policy that would further limit its investment choices.

<u>Concentration of Credit Risk</u> – The Town does not place a limit on the amount that may be invested in any one issuer. All of the Town's investments are either in treasury obligations, money market funds, GNMA's or direct Treasury Securities.

Note 11: PENSION PLANS

The Town of Hammonton contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Town employees participate in the Defined Contribution Retirement Program (DCRS), which is a defined contribution pension plan and is also administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

Note 11: PENSION PLANS (CONT'D)

Public Employees' Retirement System - The PERS was established in 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5% of their annual covered salary. Effective July 1, 2007, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2007, the increase is effective with the payroll period that begins immediately after July 1, 2007. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Town is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	Normal <u>Contribution</u>	Accrued <u>Liability</u>	Total <u>Liability</u>	Funded by <u>State</u>	Paid by <u>Town (1)</u>
2008	\$ 125,562.00	\$ 96,763.00	\$ 222,325.00	\$ 44,465.00	\$ 177,860.00
2007	104,149.00	54,083.00	158,232.00	63,292.80	94,939.20
2006	103,890.00	28,576.00	132,466.00	79,479.60	52,986.40

(1) Under the provisions of Chapter 108, P.L. 2003 the Town's share of the total normal contribution and accrued liability will increase approximately 20% per year until the Borough is paying 100% of the total normal contribution and accrued liability.

Police and Firemen's Retirement System - The PFRS was established in 1944. The PFRS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Town is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	Normal <u>Contribution</u>	Accrued <u>Liability</u>	Total <u>Liability</u>	Funded by <u>State</u>	Paid by <u>Town</u>
2008	\$ 304,529.00	\$ 179,955.00	\$ 484,484.00	-	\$ 484,484.00
2007	261,871.00	130,668.00	392,539.00	\$ 78,507.80	314,031.20
2006	232,768.00	85,372.00	318,140.00	127,256.00	190,884.00

Note 11: PENSION PLANS (CONT'D)

Defined Contribution Retirement Program - The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the Town's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

The Town's contributions for 2008 were \$641.76.

Note 12: OTHER POST EMPLOYMENT BENEFITS

Postemployment Healthcare Benefits Plan

<u>Plan Description</u> - The Town contributes to the New Jersey State Health Benefits Program ("the SHBP"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pension and Benefits, specifically the Health Benefits Bureau and the Bureau of Policy and Planning. SHBP provides medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program Act is found in the New Jersey Statutes Annotated, Title 52, Article 17.25 et.seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The State of New Jersey Division of Pension and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for SHBP. That report may be obtained by writing to Division of Pensions and Benefits, PO Box 295, Trenton, NJ 08625-0295, or by calling (609) 292-7524.

<u>Funding Policy</u> - Title 52, Article 17.25 et.seq. of the New Jersey Statutes Annotated provides the contribution requirements of plan members and the participating employers are established and may be amended by the State Health Benefits Commission.

The contribution rate of participating governmental entities is based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The Town's contributions to the SHBP for the years ended December 31, 2008, 2007 and 2006, were \$243,904.50, \$254,628.00 and \$199,126.12, respectively, which equaled the required contributions each year.

Note 12: OTHER POST EMPLOYMENT BENEFITS (CONT'D)

In addition to the benefits described above, the Town provides post employment dental and vision care benefits, at its cost, to retired employees who have retired after twenty-five years or more of service with the Town. The Town currently accounts for and finances such expenses on a pay-as-you-go basis. The expense for these benefits for the year ended December 31, 2008 was \$18,323.04.

A calculation of the actuarially calculated Other Post Employment Benefits (OPEB) obligation for the future cost of dental and vision insurance coverage to be paid by the Town for retired employees was not obtained.

Note 13: **COMPENSATED ABSENCES**

Full-time Town employees are entitled to fifteen paid sick leave days and three personal days per year. All unused sick leave may be accumulated and carried forward to the subsequent year. Personal days cannot be carried forward to the subsequent year. Vacation days are earned based on years of service. Unused vacation days may only be carried forward to the next year. Permanent part-time employees are entitled to sick and vacation leave on a prorated basis. Upon retirement, accumulated and unused sick leave cannot exceed a maximum of \$12,000.00.

The Town compensates employees (with twenty-five years or more) for unused sick leave upon retirement. The current policy entitles an employee to receive seventy-five percent of their accumulated sick leave. There is a maximum payout of \$12,000.00 and is paid at the rate of pay upon retirement. The Town does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2008, accrued benefits for compensated absences are valued at \$222,438.63. The Town accounts for and finances such expense on a pay-as-you-go basis.

Note 14: SANITARY LANDFILL ESCROW CLOSURE FUND

The Town of Hammonton operates a municipal landfill located in the southern part of the Town. The Sanitary Landfill Facility Closure and Contingency Fund Act of 1981 was enacted to provide funding, during the life of the landfill, of costs associated with the closure of sanitary landfills. The Act requires the owner or operator of every sanitary landfill to establish an escrow account for closure and deposit, on a monthly basis, an amount equal to \$1.00 per ton of solid waste accepted for disposal. No withdrawals may be made from the fund without written approval from the State Department of Environmental Protection and Energy.

As of August 1988, the landfill reached its holding capacity. However, the escrow closure fund balance at December 31, 2008 does not necessarily represent the estimated cost of closure as of that date. The required balance of the fund merely represents the amount required to be escrowed in accordance with the statute. Actual costs associated with closure are not known.

Note 15: SCHOOL TAXES

Local School District Taxes has been raised and the liability deferred by statutes, resulting in the school tax payable set forth in the Current Fund liabilities as follows:

	<u>Balance Dec 31,</u>				
	<u>2008</u>		<u> 2007</u>

Note 17: RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The Town maintains commercial insurance coverage for the property, liability and surety bonds.

New Jersey Unemployment Compensation Insurance - Effective January 1, 1997, the Town elected the "Contributory Method" to fund its New Jersey Unemployment Compensation Insurance, which requires the Town to annually appropriate funds to pay the projected costs of contributions at the rate determined by the Commissioner of Labor. The expense for these benefits for the years ended December 31, 2008 and 2007 was \$14,132.72 and \$10,900.67, respectively.

Note 19: JOINT INSURANCE POOL

The Town of Hammonton is a member of the Atlantic County Municipal Joint Insurance Fund. The Fund provides its members with the following coverages:

Property
Boiler and Machinery
General and Automobile Liability
Public Officials/Employment Liability
Workers' Compensation
Crime

Contributions to the Fund, including a reserve for contingencies, are payable in four installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Fund provides the Town with the following coverage:

Crime Insurance--Courts
Crime Insurance--Other Than Courts
Casualty Insurance
Business Auto Liability
Workers' Compensation
Excess Crime Insurance
Excess Liability Insurance
Excess Workers Compensation and Employer's Liability Insurance
Excess Public Officials and Employment Liability Insurance
Volunteer Emergency Services Directors and Officers Liability

The Fund publishes its own financial report for the year ended December 31, 2008, which can be obtained from:

Atlantic County Municipal Joint Insurance Fund P.O. Box 488
Marlton, New Jersey 08053

Note 20: **CHANGE ORDERS**

During the year 2008, the Town amended contracts by approving the following change orders that resulted in the total amount of change orders executed for these projects to exceed the originally awarded contract price by more than 20 percent:

Ordinance Nos. Project Description 29-99; 5-03; 8-04 Lincoln Street Well

N.J.A.C. 5:30-11.3 (a) 9 and 10 states that the total number of change orders executed for a particular contract shall not cause the originally awarded contract price to be exceeded by more than twenty percent unless otherwise authorized, and that if proposed change orders do exceed that twenty percent limitation, no work shall be performed or purchases made until the procedures of N.J.A.C. 5:30-11.9 have been completed.

N.J.A.C. 5:30-11.9 delineates the required procedures for change orders, which exceed the twenty percent limitation. As of the date of this report, the Town has complied with all provisions of N.J.A.C. 5:30-11.9.

Note 21: LITIGATION

The Town is a defendant in several legal proceedings, including tax appeals, which are in various stages of litigation. It is believed that the outcome, or exposure to the Town, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

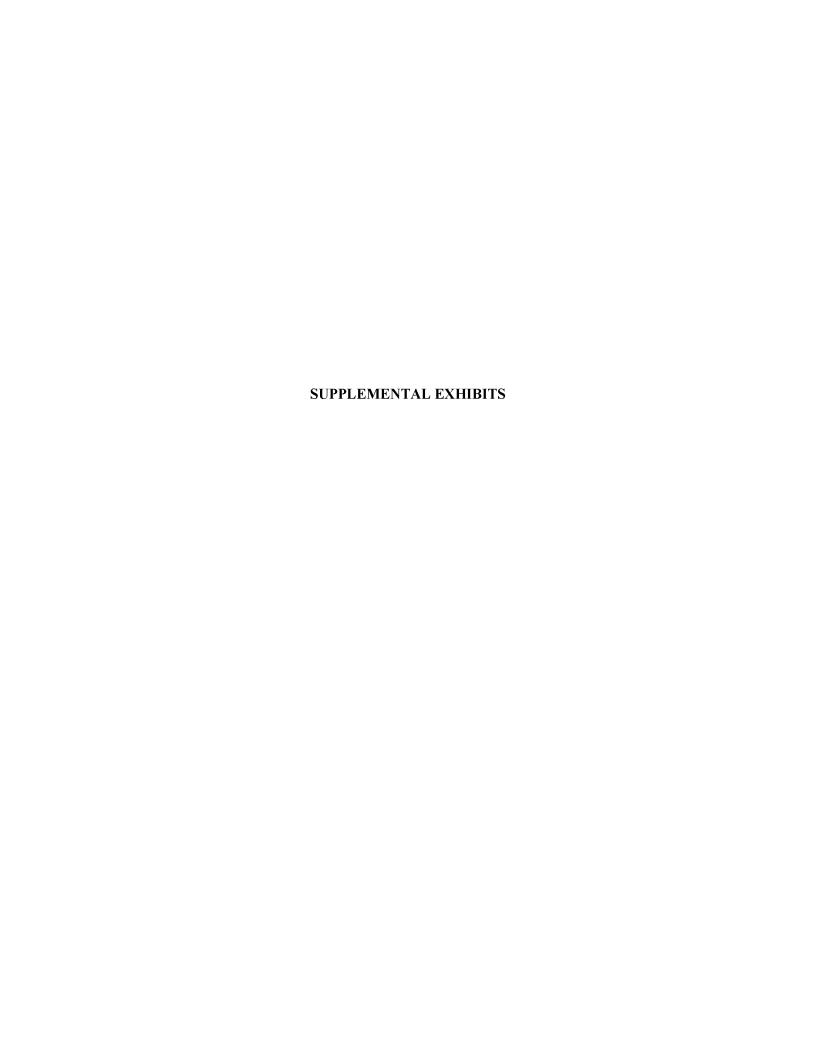

Note 22: SUBSEQUENT EVENTS

Subsequent to December 31, the Town of Hammonton authorized additional Bonds and Notes as follows:

<u>Purpose</u>	<u>Date</u>	<u>Amount</u>
General Capital Fund:		
Purchase of a Fire Truck	1/26/09	\$ 402,681.00
Refunding of 2001 General Obligation Bonds Acquisition and Installation of Runway End	2/23/09	385,000.00
Identifier Lights at Hammonton Municipal Airport	4/27/09	6,200.00
		\$ 793,881.00

Additionally, on May 14, 2009, the Town issued \$6,490,000 in General Obligation Bonds with a variable interest rate of 3.00% to 4.00% to advance refund \$6,265,000 of outstanding 2001 Series bonds with a variable interest rate of 4.625% to 4.875%. The net proceeds of \$6,410,866.04 (after payment of issuance costs) were used to purchase U.S. Treasury Bills. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2001 Series bonds.

The Town advance refunded the 2001 Series bonds to reduce its total debt service payments over the next thirteen years by \$348,240.60 and to obtain an economic gain (difference between the present values of the debt service payments of the old and new debt) of \$322,511.62.

SINGLE AUDIT

FOR THE YEAR ENDED DECEMBER 31, 2008

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Mayor and Members of the Town Council Town of Hammonton Hammonton, New Jersey 08037

Compliance

We have audited the compliance of the Town of Hammonton, in the County of Atlantic, State of New Jersey, with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that are applicable to each of its major federal programs for the year ended December 31, 2008. The Town's major federal programs are identified in the <u>Summary of Auditor's Results</u> section of the accompanying <u>Schedule of Findings and Questioned Costs</u>. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town's management. Our responsibility is to express an opinion on the Town's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Hammonton's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town's compliance with those requirements.

In our opinion, Town of Hammonton complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2008.

Internal Control Over Compliance

The management of the Town of Hammonton is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the Town's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the management of the Town, the Division of Local Government Services, Department of Community Affairs, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWN OF HAMMONTON Schedule of Findings and Questioned Costs For the Year Ended December 31, 2008

Section 2- Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with <u>Government Auditing Standards</u> and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Finding No. 2008-1

Condition

A calculation of the actuarially calculated Other Post Employment Benefits (OPEB) obligation for the future cost of dental and vision insurance coverage to be paid by the Town for retired employees was not obtained.

Criteria

As described in the New Jersey Department of Community Affairs' Local Finance Notice 2007-15, Government Accounting Standards Board Statement No. 45 requires an actuarial calculation of Other Post Employment Benefits (OPEB) to be performed and disclosed in the Notes to the Financial Statements.

Effect

The OPEB disclosure included in the Notes to the Financial Statements is incomplete as it does not include a calculation of the future cost of providing dental and vision coverage for retired employees.

Cause

Oversight.

Recommendation

That the Town obtain the actuarially calculated Other Post Employment Benefits (OPEB) obligation for the future cost of dental and vision insurance coverage paid by the Town for retired employees.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

FINANCIAL STATEMENT FINDINGS

Finding No. 2007-1

Condition

Our audit of compliance with the Local Public Contracts Law and the Pay-to-Play Laws revealed the following:

The Town awarded a few professional services contracts without a resolution of the governing body or a certificate of availability of funds. However, no budgetary appropriations were overcommitted.

The Town authorized and approved several change orders, but did not complete a certificate of availability of funds or pass a resolution of the governing body for such change orders. However, no budgetary appropriations were overcommitted.

A Chapter 271 Disclosure Form and Business Entity Disclosure Certification Form were not on file for a few vendors paid in excess of \$17,500 where the contract was approved under a non-fair and open process.

Current Status

This condition has been resolved.

FEDERAL AWARDS

None.
